Valuing the Dana Street Primary School's Community
Our vision for Dana Street Primary School is to be a community that promotes lifelong learning, the pursuit of excellence, and an eagerness to participate and contribute within a global community. We strive to provide a welcome, stimulating, caring and supportive learning environment for our students, teachers, parents and the broader community.

Meaningful student involvement through teamwork, where student well being and values are nurtured by the school community reflects our approach to building stronger connections and to create effective relationships which strengthen student engagement and participative improvement.

Creating positive and engaging school cultures which include pro-social values and behaviour to enable students to acquire knowledge and skills, value diversity and build a culture of learning, community and engagement.
• **Respect and Care** -
  Treat others with consideration, honesty and regard. Care for yourself and others. Set high standards of behaviour and use appropriate manners.

• **Responsibility** -
  Knowing and upholding these for yourself and those around you. Accept our social and environmental responsibilities in the school and within the wider community. Be honest and trustworthy at all times.

• **Inclusion, Tolerance and Understanding** -
  Including others and being included. Accepting and valuing individual differences and diversity. Sharing your ideas and resources.

• **Excellence** -
  Extending yourself and always giving it your best shot. Trying hard and striving to achieve individually as well as in a team situation. Helping others to achieve excellence and celebrating their achievements.
